

# Δαυςτίν Dell'Aquila

#### **Junior Frontend Developer**

Based in Buenos Aires, Argentina.

My name is Agustín Dell' Aquila, 21 and I'm a Junior Frontend Developer. I love digital organization and to achieve this I make use of Notion, TickTick and Google Calendar with the Getting Things Done (GTD) method.

My hobbies are videogames and biking.

#### React

React Hooks, Context, States, Async, Routing, Events, Rendering, Webpack
